About 45 is the max for seated dinner in our private rooms. Or with a cocktail setup and food stations, we can go up to 60. We do **not** have a buffet option for dinner entrées.

Yes, if you can't make the minimum, we suggest a regular non-private reservation (if we have openings). Room service fee (\$50) is added to all parties.

What if we do not reach the room minimum?

If you can't make the minimum, we suggest buying a bottle of wine to take home. We do require the minimum to be met.

Could we order anything on the menu?

We do have event specific menus that are slightly limited from the main restaurant menu – this way your group can have the best service. We can create a custom menu too. Please contact us for these details.

Can we make special requests or modifications to the menu?

We do offer menu changes however nothing that would be direct conflict with our fresh philosophy. For our larger private events, we are not able to modify items nor offer specific temps for steaks/burgers – the host will set the meat temp for the group. We will modify for allergies or dietary restrictions.

Can we have an after-wedding brunch?

We would require RSVP from your guests so that we can plan the correct number of staff, table/chairs, and food prep. We do not allow an open-house style ordering off the menu with separate checks. You can host an open house with appetizer stations for an open house, however, we do suggest still getting an RSVP – you would be responsible for the room minimums – you can reach it by having appetizers and drinks.

What if we do not hit the room minimum?

The room minimum would need to be met by the host, if not, we may suggest buying some wine to take home.

Do you have auto gratuity? What about split checks?

For groups over 25 – 2 weeks minimum notice. Ideally, 30 days for all events.

How do we tour the party rooms?

Tours with the event coordinator are setup using the link below. If you need a tour outside of the times, please use the comment section to request that. If a tour cannot be coordinated during your ideal times, then you're welcome to stop in anytime during open hours and ask for a manager on duty to give you a tour. They may not be able to answer all your questions, but you can then setup a call/visit after with the event coordinator to go through those. It's best to give management a heads-up if you plan to stop in – this way they can be prepared to greet you.

Do you have linens?

Are we able to have a tasting?

If you are a regular at the restaurant, then you may not need a tasting as the menu will be very similar to our event menu. If you'd like a tasting, we can provide one once we have a signed BEO. We limit the tasting to 3 entrees' (or apps if having an appetizer only event) but you can purchase more if you wish. These are complimentary after your BEO is signed. If you wish to have a tasting before providing the signed agreement then you'll be charged for each entrée, but we can provide a \$50 gift card after booking the room to compensate you for the earlier tasting. Alcohol and tips aren't included – a 20% gratuity will be added to your ticket.

Here's how we handle tastings - You'll make a dinner reservation on the website (<https://www.freskodsm.com/>) for the date/time of your choosing. You'll want to email me that date/time and the name on the reservation so that I can inform the manager on duty for that night. The manager won't sit with you during the tasting, so you're welcome to bring whomever you'd like. Fresko will take care of the cost of 3 entrees - you'll pay for the rest of the food and drinks on your own. You're welcome to speak to the manager on duty about any food or drink questions you may have. However, Anthony will be contacted for specific event questions. After the tasting, please email me with questions and let me know if you're ready to pick your menu.

We suggest trying or thinking about a Red and White wine (maybe a beer too) to have on a beverage station for your event - this will avoid people waiting for specialty cocktails. Let me know if you have any questions, thank you!

How can I speak to someone on the phone?

You're always welcome to stop in or call to speak to a manager on duty, however, if you wish to speak to the Event Coordinator then that call should be setup using the link below as they do not have standard office hours:

What's the best way to keep in touch and plan?

Email is the best way to keep in touch – this way we have a record of plans. Please CC all decision makers in an email and plan to Reply All so we can keep a current/accurate email thread until the BEO (what we call our invoice) finalized. We may ask you to loop key people back into the email if they get kicked off. Of course, we can privately discuss surprises that people shouldn't be privy too. That can be in a private email thread or on the phone.
